CROWN PRINCE OF ETHIOPIA

July 1st, 1983,  
London.

Dear Ato Ascento Amanuel Foxe,

Thank you for your letter of Jan. 31st 1983, and the subsequent pledges of allegiances we received in your petition of May 17th 1983. We are ofcourse very familiar with the fact that the Ethiopian World Federation Inc. was established on Aug. 25th 1937, by my father Emperor Haile Selassie I, primarily to creat outside Ethiopia an international pressure group with various chapters world wide, to support during the 1936 - 41 war the Ethiopian peoples' liberation struggle against the Italian occupation of our beloved country Ethiopia, and also to enhance the black peoples' of the world quest to effect unity, solidarity, liberty, freedom and self determination while securing justice and maintaing the integrity of Ethiopia; concurrent with which the Ras Tafari Movement in the west, we are pleased to note has taken a great stride of development on various levels.

It is nevertheless regretable that presently the Ethiopian World Federation Inc. and the Ras Tafari Movement as a whole, have been deflected from their constitutional objectives by various unfavourable conditions and personality cults, as adivisive result of which they have not effectively rallied under the Imperial banner with a structured body counselling for a leadership of unity to achieve the same sacreed goals set out by my father Emperor Haile Selassie I. In the same spirit I call upon all the followers of the movements today to embrace and consolidate their international activities in unison and also assist in the liberation struggle and the restoration of the Constitutional Monarchy of the Solomonic Dynasty in Ethiopia.

Even though we are very pleased to note that the grass roots of the movements as a whole are exerting their individual energies and influence to reach out and support our unfortunate exiled brethrens and those caught up in the wars, strife and famine victims in Ethiopia of today, the results of their valuable efforts have beenineffective, uncoordinated and haphazard.

CROWN PRINCE OF ETHIOPIA

2.

In order to redress these issues hitherto, we are therefore pleased to give our considered consent to your petition that henceforth the Ethiopian World Federation Inc., and the Ras Tafari Movement as a whole, of which you are the International President and the founding member in England respectively, should organise all efforts and contribute their energies in unison to these sacred causes under our trusteeship so as to centralise and consolidate all related activities in cement avoiding any wasteful exercises and imposter elements both inside and outside the movements and the Imperial House, so as to be able to act directly and legitimately under the only nominee of our Supreme Council with the nominee of your Organization, which shall constitute the Administrative Directorate of our Trusteeship relevant to the general cause we have long espoused.

We shall therefore be pleased to exchange official documents and bestow the relevant credentials necessary for the revitalization of the sacred aims and objectives as originally laid out by my beloved father Emperor Haile Selassie I, so as to renew our highest considerations to the eventual success of the sacred goals of the Movements world wide under the renewed banner of the Imperial Ethiopian World Federation Inc.

Please convey our fraternal greetings to all the followers of the Movements in general and the members of your Organization in particular.

**Liberty In Our Nation!**

Crown Prince Of Ethiopia.
